BarSmart LCD Jigger

Jigger
YES!

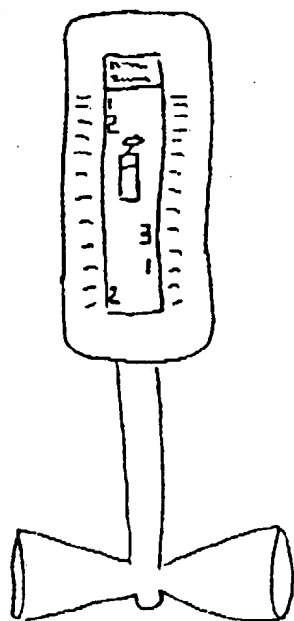

Strategy:

Continue the success of our Tools That Think strategy with a bartender's jigger that tells you how to mix your favorite drink. Like our Chef's Fork, BarSmart will allow a user to cycle through and select 1 of 100 drink recipes. By reading the measurements on the LCD screen that correspond to painted icons/drink names, users can mix the perfect drink every time.

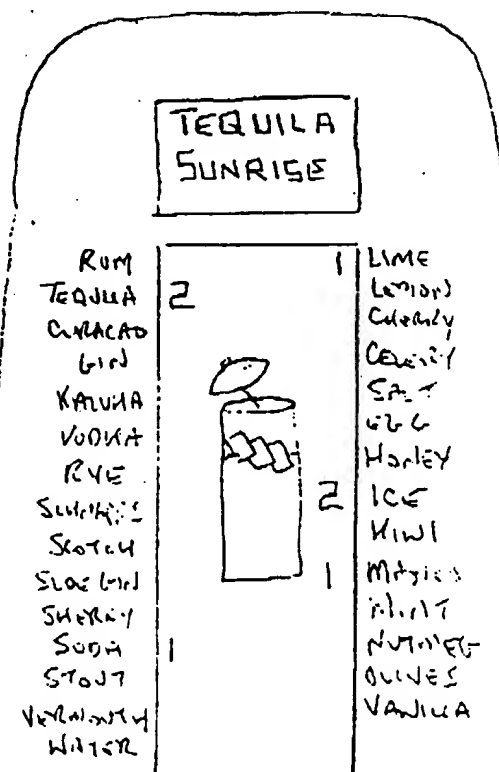

Features:

Similar in size / shape to CoffeeSmart. Stainless steel jigger with 1 oz and 1.5 oz measurements. Large digit LCD.
